Maththaka

SUMMARY

I am a software engineering undergraduate at SLTC with strong skills in Java, Python, and web development. I have experience working with frameworks like Flutter and Laravel, and I am proficient in database management and version control. I am a quick learner, capable of working both independently and in teams

EDUCATION

Sri Lanka Technological Campus

BSc (Hons) in Information Technology in Software Engineering – 2021 to 2025

- GPA-3.20

Richmond college-Galle

2017-2019

GCE Advanced Level-2019 physical science stream

- Index Number-5594308

G/Poddiwala Navodya College

2006-2016

GCE Ordinary Level-2016

- Index Number-60991380

TECHNICAL SKILLS

- Programming Languages: Java, JavaScript, Python, PHP, Flutter, C, C++
- Frameworks & Tools: React.js, Laravel
- Databases: MySQL, MongoDB
- Version Control: Git, GitHub
- Web Technologies: HTML, CSS, Bootstrap,
- Operating Systems: Windows

PROJECTS

• 4th year research project(Ongoing)

Project Name: Automated Safety System for Warehouse

- Developing a automated safety system for warehouse employee using Computer vision and IoT.

• Flutter project

Project Name: BMI calculator

- User input the weight and height then the system calculate the BMI value and BMI category.
- Technologies: C++, CMake, dart, HTML

Link: <https://github.com/navod2000/BMI-Calculator>

Project name: UI design

- Create a UI design for hotel system using the flutter.
- Technologies: C++, CMake, dart, HTML

Link : <https://github.com/navod2000/UI-design>

• Technology challenge competition Project (Group)

Project Name: Vision based driver assist system

- Develop a system to identify road signs and inform through the screen to the driver.
- Technologies: HTML, TeX, Python

Link : https://github.com/nisal-basura/Vision_based_driver_assist_system

Project : A multiplayer game called " BagRush adventure"

- Technologies: Unity, Python

Link : <https://github.com/nisal-basura/Bag-rush-adventure-Game->

SOFT SKILLS

- Problem-Solving: Efficiently resolves technical challenges.
- Teamwork: Works well in collaborative environments.
- Communication: Clearly conveys technical information.
- Time Management: Prioritizes tasks to meet deadlines effectively.
- Critical Thinking: Analyzes problems and develops practical solutions.
- Self-Motivation: Eager to learn and take initiative.

LANGUAGES

- English
- Sinhala

COMPUTER PROFICIENCY

- Visual Studio
- MSOffice (word, Excel, PowerPoint)
- CISCO Packet Tracer
- Draw.io
- MySQL Server
- MySQL

• Laravel Social Login app

Project : Develop laravel social login app and connect to database

- Technologies: PHP, CSS, OAuth, SQL, JSON, JS

Link: <https://github.com/navod2000/social-login-app>

• IoT Project

Project Name: Weather reporting system

- Create the the automated weather reporting system using arduino.

- Technologies: PHP

Link : <https://github.com/navod2000/Weather-reporting-system>

• UI/UX Design (Group)

Project : Creating UIs and prototypes using figma for a smart home app (mobile,tablet,desktop)

Link:

<https://www.figma.com/design/lchfP3O9QoxZtqzbGutO7G/Untitledd?node-id=0-1&node-type=canvas&t=8rTsZirJhiRqwkP-0>

Project : Creating UIs and prototypes using figma for traditional masks ordering system

Link:

<https://www.figma.com/design/mMTnSLml3l3q8PXhBcJtlq/Untitledd?node-id=0-1&node-type=canvas&t=YXiud49dUyvvUMWm-0>
